EXPERIENCE

ITXITPro

Sep. 2025 – Present

Web Developer

Jaipur, Rajasthan

- Took ownership of end-to-end project delivery, from requirement analysis and planning to development, testing, and deployment.
- Served as a technical point of contact for junior team members, providing guidance on development standards, architecture decisions, and troubleshooting.
- Evaluated new project requirements and recommended suitable technology stacks, workflows, and implementation approaches to ensure scalable solutions.

Drift Point Technologies Pvt. Ltd.

Mar. 2024 – Sept. 2025

Web Developer

Jaipur, Rajasthan

- Delivered 10+ client websites using WordPress, ensuring responsive design, performance optimization, and seamless user experiences.
- Designed website templates, landing pages, and branding assets in Figma and Photoshop for web and social media campaigns.
- Developed frontend features for the TestNHire platform using React.js and Next.js, contributing to both the admin dashboard and user-facing interfaces.
- Collaborated closely with developers, designers, and stakeholders to transform design concepts into production-ready web applications.
- Built reusable UI components and maintained design consistency across multiple projects, reducing development effort and improving scalability.
